TECHNICAL PROJECTS

Las Vegas Planner | [Deployment](#) | [Github](#) **(Django, Python, S3, PostgreSQL, Materialize)**
- A full-Django App with full-CRUD operations built to help users to be helpful when planning to travel Las Vegas.

Yearbook | [Deployment](#) | [Github](#) **(MERN, Group Collaborative Project , Single Page APP, REACT)**
- As a group, we created a cohort yearbook built with both frontend and backend using a database with full CRUD and authentication.

Coffee Blog | [Deployment](#) | [Github](#) **(HTML, CSS, EXPRESS, MONGODB, MONGOOSE, EJS)**
- A coffee blog with full CRUD with eight different types of coffee to provide image, quantity, name, description, and price. Customers can access to edit and delete types of coffee to be made.

Pokémon API (HTML, CSS, JavaScript)
- Created a PokeDex web application using AJAX to render information from a third-party quote API. Utilized CSS and HTML properties to make the in-browser app to be more pleasing to users.

EXPERIENCE

3Plus Logistics, Import Specialist   Duluth, GA (01/2021) - (06/2021)
- Maintained updated and detailed records of calls in physical and electronic databases.
- Achieved 98% average delivery rate on all assignments with no loss of materials or assets.
- Identified efficiency bottlenecks, which saved $0.8 million and resulted in faster, more accurate supply shipments.

Miss Gogi, General Manager   Doraville, GA (04/2018) - (02/2022)
- Managed operations for smooth functioning while maintaining a high standard of customer satisfaction.
- Focused on continuous staff training and development to ensure policies and procedures were followed well.
- Worked directly with health inspections and city officials to ensure that restaurants met and exceeded local laws.
- Played an integral role in creating new automated methods for property tracking procedures to increase accuracy.

Samurai Blue, General Manager   Lawrenceville, GA (06/2016) - (02/2018)
- Managed servers' daily tips that were shared from the restaurant's daily income.
- Assisted with interviewing and hiring in development of qualified employees.
- Successfully managed the restaurant, increasing sales by 25% through improved customer service and quality
